

## Returns, Bridges and Corner Tables

### Features:

- 1" Thick TFL (thermally fused laminate) worksurfaces and end panels, where applicable. 3/4" TFL back panels and pedestal construction. Quick braces for intermediate support of worksurfaces where applicable.
- Return backs, bridge backs and extended corner table back panels have a scallop grommet on center near the worksurface for routing wires.
- All exposed edges in a PVC free impact resistant ABS edgebanding. All TFL finishes have matching edgebanding.
- There are four styles of drawer pulls to choose from. Each pull is available in either black or brushed steel, providing a choice of 8 different pull options to accent the returns. See the inside back cover of the catalog for pull selections.
- Black drawers with full extension metal ball bearing drawer slides.
- Each drawer pedestal comes standard with a lock. A single lock will secure the bottom two drawers.
- File drawers accommodate standard letter width filing, letter size lateral filing or legal size lateral filing. File drawers are designed to accommodate standard hanging file folders only and should not be used for general utility use.
- All returns and corner tables have adjustable glides for leveling purposes. Finished height is 28-3/4" including leveler.
- Returns and bridges have a back panel that is recessed 1-1/4" from the back edge of the worksurface. The length of a return back panel extends 2" beyond the worksurface on the desk side. The length of a bridge back panel extends 2" beyond the worksurface at both ends. This configuration allows the worksurfaces of a desk, return and credenza to be flush and aligned while the vertical supports overlap. Overlapping panels allow for a faster and cleaner installation, helping with difficult leveling issues caused by unfavorable field conditions. A return and bridge back panel can be removed to access the wall without disassembling the entire workstation.
- Returns, bridges and corner tables are shipped unassembled.
- All hardware necessary for assembly is included. Assembly is easy using simple hand tools.

### Finishes:

- 10 Standard Flex TFL finishes.
- 10 Standard Flex ABS matching edgeband finishes.
- 8 Drawer pull options.
- See the inside back cover of this price guide for finish options.
- See page 11-1 for details on two tone finishes.

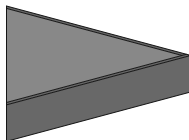

### Building your model number:

<b>FROB2036</b>	<b>BC</b>	<b>PEB</b>	
Model #	Finish	Pull Style	Options (if applicable)

To order please provide the following information:

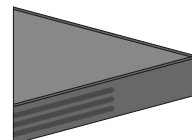

1. Model number.
2. Finish - See the inside back cover of the catalog for color selection.
3. Pull style - See the inside back cover of the catalog for pull selection.
4. Options - if applicable.

### Standard Edge Treatment:

Standard Edge Trim

### Optional Edge Treatment:

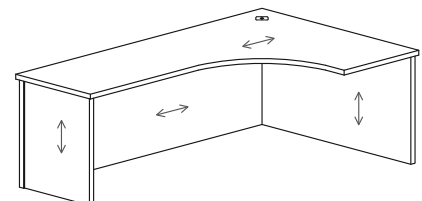

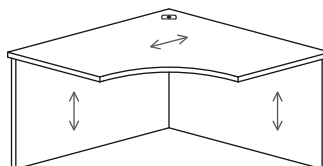

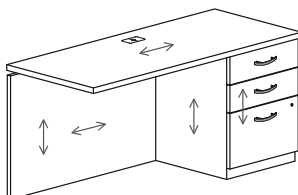

Three Groove Edge on worksurface  
List Price: \$45.00 per return top  
Model # P13G

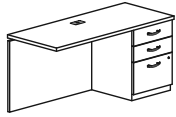

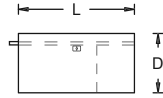

### Accessories:

- Pencil drawers, pull out keyboard trays, computer slings, monitor arms, grommets etc. See the accessories section of the catalog for more options and pricing.

**Grain direction chart:** Note: Grain direction on return backs runs vertically on returns 48" and under. The grain runs horizontally on returns longer than 48".

### Bright Idea;

Select a Three Groove Edge for \$45.00 list price per bridge top. Specify P13G at the end of the model number.

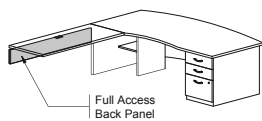

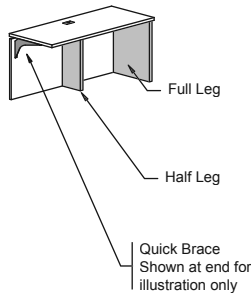

**FYI;** Bridge returns with unsupported spans longer than 42" will need a worksurface support. A file pedestal, half leg or quick brace can be used.

**FYI;** 96" Long bridges have a two piece back panel.

**FYI;** Installation Note: When adding a full leg or file pedestal at the end of a bridge, the back panel should be installed flush with the end of the top.

### Worksurface Supports Options:

Use an end panel to finish off the end of a bridge when a file pedestal or adjacent component is not needed.

Full end panel for 18" deep returns - specify: FREP18	90.00	14
Full end panel for 20" deep returns - specify: FREP20	95.00	15
Full end panel for 24" deep returns - specify: FREP24	105.00	18

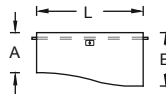

Use a half leg or quick brace to support worksurfaces on spans longer than 42" when a file pedestal is not needed. Brace or leg should be located as close to on center as possible. On 96" units with no pedestal option used, two legs or quick braces are recommended.

Half leg support for 18" deep returns - specify:	FRSP8	40.00	8
Half leg support for 20" & 24" deep returns - specify:	FRSP10	43.00	8
Black steel Quick Brace support for all returns - specify:	Q-Brace	95.00	2

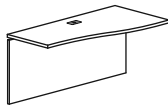

### Flex Options:

- Bridges can be cut to custom lengths at no additional charge, use next largest size for pricing and specify "CL" at the end of the model number and indicate the preferred length dimension in the description.
- Full Access Bridge: The bridge has an 8" high back panel that allows access to the wall. Specify: **FAB** at the end of the bridge model number. Example: A 24 x 48 bridge return with a full access back panel would have a model number of: FRB2448-FAB

LH FF Return Shown

Full Access Back Panel

### Flex Option:

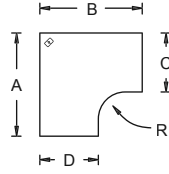

- Full Access Return: The return has an 8" high back panel that allows access to the wall. No extra charge. Specify: **FAB** at the end of the return model number. Example: A 20 x 24 x 48 left hand return with a FF pedestal and a full access back panel would have a model number of: FRCFO202448-FAB

### Optional Edge Treatment:

- Select the Three Groove Edge for \$45.00 list price per return top. Specify P13G at the end of the model number.

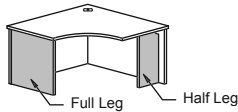

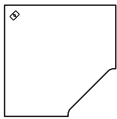

## Corner Tables

**FYI;** Corner tables are not designed to stand alone. Use in conjunction with returns.

Flex Option: SCT  
Straight inside corner top.

**Bright Idea;** Select the Three Groove Edge for \$45.00 list price per table top. Specify P13G at the end of the model number.

42 x 42 x 24 x 24	17	FRC42422424	548.00	110

### Options:

- Flex Option: Straight inside corner versus a standard curved inside corner. No extra charge. Specify **SCT** at the end of the model number.

### Half Panel Leg

D x Th x H	Model #	List Price	Weight
8 x 1 x 27-1/2	FRSP8	40.00	8
10 x 1 x 27-1/2	FRSP10	43.00	8

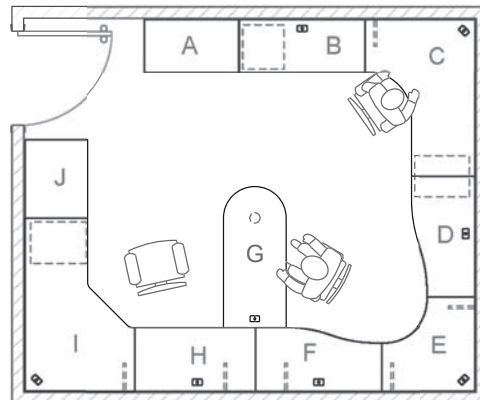

Use an 8" leg at 18" deep locations and a 10" leg at 20" and 24" deep locations. Half legs have a scallop at the top back for wire management.

### End Panels

18 x 1 x 27-1/2	FRCEP18	90.00	14
20 x 1 x 27-1/2	FRCEP20	95.00	15
24 x 1 x 27-1/2	FRCEP24	105.00	18

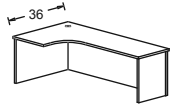

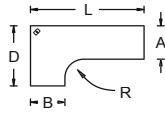

**Wrap-a-room:** Flex offers the flexibility you need to wrap a room with furniture. Rectangular and transitional bridges can be ordered in custom lengths. This allows a room of virtually any size to have wall to wall furniture. Example: A room 173" x 143" needed to have a workstation for three occupants.

The following products accomplished the end users requirements.

- Item A is a 36" lateral file.
- Item B is a 48" LH return with a file pedestal.
- Item C is a 42" x 60" corner table.
- Item D is a 46" transitional bridge. A Flex Option was used here to make the 48" bridge 46" long.
- Item E is a 36" x 36" corner table.
- Item F is a 48" transitional bridge.
- Item H is a 46" bridge where a Flex Option is used to have a 48" bridge made 46" long.
- Item I is a 42" x 66" corner table. A Flex Option was used to change the curved corner to a straight corner.
- Item J is a 30" lateral file.
- Additional pedestals and support legs were added as needed as well as a 24 x 54 bullet desk (Item G).
